

Ashley, Bashley and Fernhill

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of New Milton		New Milton cricket club	It is too far away.	Guide hut Ballard lake
Resident of New Milton		New Milton cricket club	My road is a 1 minute walk from St Peters Church in Ashley yet I have to get myself over to the cricket club to vote?! That requires a car journey, usually with two young children in tow and it puts me off. There are also elderly people in my road who could much more easily reach the church than the cricket club. I hope we can be moved to the church as our polling station, it makes more sense logistically. This would also help to ease congestion at the cricket club as the road gets pretty busy and for the Brexit vote there was an accident right at the junction which caused a lot of delays! Yes, I would much rather walk to St Peters.	St Peters Church, Ashley
Resident of New Milton	Cllr - NFDC - Becton Ward	Bashley and Fernhill Cricket Club	Suggest new location within Ward with improved facilities for voting.	Bashley Village Hall
Resident of New Milton	Cllr - NFDC - Fernhill Ward	ALL	ALL LOOK OK TO ME.	NO.

Ballard

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of New Milton		Nedderman Centre New Milton	I have to vote nearly 1/2 a mile away. Which seems rather silly when the Guide Hut just outside my door in Lake Grove Road is used for a polling station. I have always felt that many people do not vote from my area as the polling station is in the Nedderman Centre, Marryay Road NM.	Yes the Guide Hut, Lake Grove Rad.

Barton and Becton

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of New Milton	Cllr - NFDC - Barton Ward	Cliff Road and Scout Hut	Both of these stations have been successfully used for many years and should continue to do so. The only comment would be to improve the access to the scout hut.	
Resident of New Milton	Cllr - NMTC - Barton Ward & NFDC - Becton Ward	Sea Scouts Hall Becton Lane	A need to improve access to building by providing hard surface path suitable for wheel chair use together with lighting. Improve voting facilities within and internal lighting	
Resident of New Milton	Cllr - NFDC & NMTC - Barton Ward	The Scout Hut in Becton Lane Barton-on-Sea Methodist Hall	a lack of potential alternatives so suggest that the external gravel pathway is covered by matting to ease attending voters. Also improve the external lighting to ease attendance. Irrespective of comments raised about highways traffic outside the votinh hall, having been outside o0n votig day since 2015, the movement of roadway traffic has never been an issue.	Also bear in mind the comments from Cllrs [REDACTED], [REDACTED] and [REDACTED] re using the Cricket Club and to considering their aforementioned alternatives , perhaps a better reflection of the Ward Boundary changes.

Bransgore, Burley, Sopley and Ringwood East

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Bransgore	N A	Brangore village hall	Keep unchanged	No
Resident of Bransgore		Bransgore Village Hall	Very central and easy to get to with plenty of parking for those who need it.	
Resident of Burley		Burley	The present polling station works well	no need to change
Resident of Bransgore		Sopley Village Hall	Excellent venue, good accessibility and clean toilets. Central location in the village	

Brockenhurst and Denny Lodge

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Brockenhurst	N/A	Brockenhurst Village Hall, Highwood Road,	Firstly with both National and Local Government finding it very difficult to operate within existing budgets I would have thought this activity is ill timed. The 'New map' shown does not show any separation into BL & BM but if as implied the Highwood Road polling station is in a different ward to Brockenhurst voters that is a crazy situation and needs correction. Brockenhurst voters should continue to vote in the Village Hall Highwood Road. It will not effect me as we have postal votes.	As above - The Village Hall in Highwood Road for Brockenhurst village voters.
Resident of Brockenhurst	Self	Brockenhurst Village Hall	In recent years I have had a postal vote due to health issues. However I've lived here for 39 years and in most of that time found the Hall an excellent venue for venue with the benefit of toilets if required and a decent car park. It's within relatively easy walking distance for most local people, so good for the environment if so minded.	I can't think of one other than using one of the hotels.
Resident of Brockenhurst	Cllr - NFDC - Brockenhurst and Forest South East	St Johns Church Hall Beaulieu Abbey Church Hall	I endorse the combining of polling districts BK and BM, which will result in the electorate for BM moving from St Johns Church Hall to Brockenhurst Village Hall. I am also comfortable polling districts DL and DM moving from Beaulieu Abbey Church Hall to the new polling place at Beaulieu Road Hotel.	Brockenhurst Village Hall/Beaulieu Road Hotel

Dibden and Dibden Purlieu

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Hythe		Wildground Junior School St Andrews Church Dibden Purlieu	Both the school and the church polling stations are convenient for me	
Resident of Dibden		clayfields f c social club	it is accessible for all without any steps	no
Resident of Dibden Purlieu		St Andrew's Church	It is within walking distance of our address, which means we don't have to drive to it. Extremely convenient.	Not really as it is fairly central, and unsure where other stations are in the area.

Downlands and Forest North

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Fordingbridge		Damerham Village Hall	This is a very convenient location in the centre of the village, with car parking and easy access.	No. I wouldn't wish to see the village school used instead and I can think of no other alternative.

Fawley, Blackfield, Calshot and Langley

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Langley	None	St Francis Church, Langley	I think there are many old people who vote here and hope it continues as a polling station	No
Resident of Calshot		St Georges Hall	Please keep this polling station as it is vital for this community (Calshot is an outreach community).	I believe there is currently no viable alternative.
Resident of Blackfield	Cllr - NFDC - Fawley, Blackfield & Langley	Blackfield Baptist Church	Blackfield Baptist Church. You explained the problems with using the Church Hall for polling districts FC and FE. The residents in these districts are used to using the Baptist Church, and in my opinion, this remains the preferred location. The problems you foresee can, in my view, be easily overcome. We also discussed the Lighthouse Community Church and whether there were any alternatives as Polling Stations. Apparently the RC Church is unavailable, and the only other possibility in the north of the Ward (other than Forest Academy or Cadland School) would be the new Exxon Sports Pavillion that is unlikely to be ready by May 2023. Cllr [REDACTED] had previously asked for two isolated properties in polling district FB be moved into FD. I would support this change.	Royal British Legion. Subject to the RBL agreement this would be a viable alternative. Apparently there is an alternative entry door to the main hall which would avoid going near or past the bar. There is a good-sized car park, and it is so close to the Baptist Church that residents would not be inconvenienced by the change. QE 2 Hall. Subject to the Parish Council agreement this would be a suitable location for a polling station. However it is close to St Francis Church Hall (Polling station for FD), and would not be so convenient for the majority of residents in FC and FE.

Fordingbridge, Godshill and Hyde

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Fordingbridge		Fordingbridge	Should change back to Victoria rooms where there is immediate parking outside. It is much easier to pop in and vote!	Victoria rooms
Resident of Fordingbridge		Town Hall Fordingbridge	Agree no change needed	
Resident of Fordingbridge	Cllr - NFDC - Fordingbridge Ward	Town Hall Fordingbridge	The best location is the Town Hall – it has a wide disabled access that takes mobility scooters used by residents. Also it is very easy for the elderly to be dropped off outside on the high street and just a few level steps into the Hall. Seats are put just inside the door for residents to await the arrival of their return vehicle. Everyone coming knows how it works and that gives confidence. It was moved because of the refurbishing of the Town Hall to the Victoria Rooms which had a narrow entrance with a big step and nowhere for one to bring the elderly and disabled.	
Resident of Fordingbridge		Fordingbridge Town Hall	I am happy with the Polling Station where it is now but would vote at any alternative venue as long as it is still in Fordingbridge	The Victoria Rooms. Fordingbridge

Forest and Solent

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Forest and Solent	East Boldre Parish Council	The Old School Room (East Boldre School Fields Trust)	The polling station for East Boldre is the Schoolfields Trust hall – my Chair tells me that this has always worked well.	No
Resident of Lymington		Boldre War Memorial Hall	It's a suitable hall with ample safe parking and no school has to shut for it to be used for polling.	No

Hythe Central

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Hythe		The Grove, Hythe	We do not drive so would not be able to a far away one.	Community Centre, Jones Lane
Resident of Hythe		the grove, hythe	ideal location, easy nearby parking	no

Hythe South

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Hythe	Personal	Wildground School and Waterside School	Both schools should be reinstated as polling stations (they have been prior to the pandemic) as they are in the centre of specific areas of the local community. I am sure arrangements can be made to keep most of each school, open on polling day so minimizing any disruption.	No
Resident of Hythe		Wildground Junior School and St Andrews Church Dibden Purlieu	Both the school and the church polling stations are convenient for me	
Resident of Lyndhurst		All	Polling stations should never be in schools or preschools because of disruption to education and safeguarding	Not applicable
Resident of Hythe		All within the parish	Please don't use schools as polling stations! From a safeguarding perspective, allowing the public onto school grounds and into school buildings increases risk and historically the only way to mitigate this risk has been to close the schools. Schools shouldn't be expected to close especially when the proposals include schools with some of the highest levels of deprivation in the area. Children have missed education and have had disrupted education for two years already. Relationships with parents regarding attendance is experiencing some fragility currently so any school closure will exacerbate some arguments.	Possible use of The Glen public house - which sits just outside a proposed boundary line for one area - but does have a car park and a function room. Alternatively combine wards and use one polling station such as St Annes on Netley View.
Resident of Hythe		Langdown school	If this moves, we will not be able to vote, as we are elderly.	No
Resident of Hythe	Cllr - NFDC - Hythe West and Langdown Ward	Wildground School and Waterside Primary School	In Hythe South Ward, removing Waterside Primary School as a polling station will reduce voter engagement due to its central location in the Langdown area of the Ward. This encourages a number of voters to come out on polling day and is accessible due to being in the middle of the wider Langdown estate. Parents and nearby residents will find it easier to go and vote. In addition, the removal of Wildground School impacts Butts Ash voters for the same reasons as above. As this is the same Ward, and within two built up areas there is a chance of reduced voter engagement. If families and nearby residents have closer polling stations this may help raise voter. Numbers. Schools are also arguably more accessible and than other locations.	In Dibden and Dibden Purlieu, separate to my previous comments, have we considered the Horrill centre for Dibden residents for accessibility, as Claypits is I believe at the edge of new Ward boundary.
Resident of Hythe		Wildground Junior School and St Andrews Church Dibden Purlieu	Both the school and the church polling stations are convenient for me	
Resident of Hythe	Waterside Primary	Waterside primary school	Would it be possible to reconsider using Waterside Primary School as a venue as a polling station, as it interferes with our Childrens education. I have researched the wards and identified only two other schools used as a polling station in the New Forest Ward. There is a Scouts hut, which is geographically a suitable location along Shore Road. It has parking and i a good sized venue with disabled access.	Scouts hut, Shore Road
Resident of Hythe	Waterside Primary	Waterside primary school	In order to ensure the safe guarding of the pupils, the use of the school as a polling station means that the school has to close to pupils on those days. In one year, this resulted in the loss of four days. Closures directly affect the progress of pupils. The school constantly works extremely hard to achieve high attendance rates, and to improve outcomes for all children.	Hythe Sea Scouts, Shore Road
Resident of Hythe	Wildground Infant School - Chair of Governors	Wildground Infant School	<p>As Chair of Governors, I am submitting this representation on behalf of the Governing Body and Senior Leadership team of Wildground Infant School, Crete Road, SO45 4JX. We are a Federation of Infant and Junior on a shared site, so I will use our Wildground Federation name in this representation and use Federation statistics which allows us to be comparable to other Primary Phase schools. We feel strongly that neither our Infant school, nor our Junior school should be used as Polling Stations for the following reasons:</p> <p>1. Safeguarding of children. We understand that it is discretionary for senior leaders to close the schools when part of the building is being used as a Polling Station; however, we feel due to safeguarding of the children within our care we cannot remain open while members of the public walk in and out of the building freely. We know from past experience that members of the community and members of the Polling Staff do not respect the requests from the school to keep within marked areas and to respect the rules of on site visitors to the school (no animals on site as an example). After many bad experiences of being a Polling Station, the last time we were used, I ended up having to write a serious letter of complaint to NFDC, the outcome of which was an apology from NFDC for the behaviour of their staff and an alternative venue was found and used for subsequent elections. However, due to the recent boundary changes the alternative venue found is no longer viable, but we remain scarred by the experiences and strongly believe alternatives are available.</p> <p>2. Closing a school each time a public vote is required is harmful to children's education. After two years of pandemic and disrupted education, there is now again, a lot of emphasise on attendance and monitoring of attendance by the DfE and Ofsted. There are panels and early help hubs for families with attendance issues, penalties issued by County when a child is not attending school. In the 'Hampshire County Council Good School Attendance Guide' it states "In Hampshire we want all children to have a positive experience of school life and be able to reach their full potential. One way in which parents can help their child to do this is by ensuring they attend school every day." So for the school to be used as a Polling Station, any time the government deem it necessary, which calls for a day of mass non-attendance, seems hypocritical given the immense emphasis on attendance. This is counter-productive to all the messages we send to parents about good attendance.</p>	<p>We would like to propose 2 alternatives to using Wildground Federation as a Polling Station for polling district HN.</p> <p>1. The HN polling district for Hythe South ward could vote at HO's Polling Station which is St Anne's Neighbourhood Centre, Warrys Close, SO45 3QR. St Annes Neighbourhood Centre is a community hall in the heart of the Netley View Estate. If you visit https://www.hants.gov.uk/educationandlearning/findaschool/schooldetails?dfesno=2057, you will see that the boundaries for Wildground Federation catchment area has the same boundaries as HN ward and HO ward put together. If Residents that live in HN or HO wards are expected to attend Wildground Federation as their catchment school, then Wildground Federation can reasonably expect residents that live in HN and HO to vote at St Annes Neighbourhood Centre, which is more centrally aligned in the area than the Federation is! The already established Polling Station has a hall large enough for 2 wards. Both HN and HO are in the same district so the voting papers would not be an issue. There are Polling Stations in Hythe that host 4 wards, so it is reasonable to ask for St Annes Neighbourhood Centre to host both HN and HO wards.</p> <p>2. A second alternative Polling Station would be to use the facilities at The Glen, SO45 3RF. This venue has a separate Function Room, it has public conveniences and kitchen facilities. It is a well known venue in the HN ward area. There is a separate entrance to the function room, so the main venue would not necessarily need to be used for those residents that would not wish to enter the public house part. There is plenty of parking onsite and there is disabled access. This venue is as close to the boundary of the ward as Wildground Federation is, so it should be acceptable from a distance to travel perspective.</p>

Continued from overleaf			<p>3. The month of May is a favoured month for elections. It is also one of the most important months for a school. In an Infant school there are Year 1 Phonics tests in May, there are KS1 SATS tests that effect Year 2 also in May. Within the Junior school there are Year 4 Mathematics Assessments and also KS2 SATS tests that effect Year 6. Four year groups are sitting examinations in the month of May. This is a stressful month not only for staff but for the children as well. These children are being tested and assessed from the age of 5 to the age of 11. To close a school for elections in this month in particular, is irresponsibly unfair on all involved.</p> <p>4. The 3 reasons above can be applied in general to any school being asked to be a Polling Station. There are only three schools mentioned as Polling Station venues within the whole of the New District Ward map for the New Forest area, one of them has a separate community room which means they are not affected in the same way as Wildground Federation and Waterside Primary. Wildground Federation is not only an Infant and Junior school, but we also have a Nursery setting on site which is funded by government grants and by parents. If we have to close the Infant school then parents whose children are booked in for Nursery sessions on that day will not only lose their session fee, but they will also have to arrange childcare for the children that are supposed to be at Nursery which could mean more fees, or the use of an annual leave day/unpaid leave from work, both of which are unfair for the parent. Wildground Federation serves one of the most deprived areas in New Forest West; so the financial impact on the parents of the Nursery must be considered. If we are to be a Polling Station, will we have the fees lost/incurred reimbursed for the families affected?</p> <p>5. Wildground Federation has 3 Resource Provisions. An Early Learning Group (ELG) which is a joint funded Education and NHS provision for children with speech, language and communication needs; a Social, Emotional, Mental Health (SEMH) provision and an Autistic (ASC) provision. The children attending these provisions are vulnerable children that have different needs to main stream children. Closing the setting for these children has greater impact than closing main stream classrooms. Wildground Federation also has a higher than average SEN % (Special Education Needs) rate. The average SEN % across New Forest West Primary Phase schools is 16%, at the end July 2022 our Infant school SEN% was 36% and our Junior school was 40%. We are an inclusive school with a very complex cohort. By closing our school in order to use a room as a Polling Station has an impact on a higher number of children with SEN than other schools.</p> <p>6. I have met with NFDC representatives during this consultation phase and have been advised that the selecting of Wildground Infant school as a Polling Station is just "geography and not personal". That may be the case, but there are 55 Primary phase schools in New Forest West area and only 3 of them are listed as Polling Stations on the Returning Officers Report. In April 2022 on the Hampshire SEN Census data Wildground Junior school had the highest EHCP + SEN % out of all the Primary Phase schools in the whole of Hampshire, the Infant school was #44; but since April the Infant school have had an extra 7 ECHP's, which would make the Infant School #5 in the whole of Hampshire. Wildground Federation schools are the ONLY Primary Phase schools from New Forest West area in the Top 10 most complex schools in Hampshire, meaning our children have the highest level of need in New Forest West area. By making Wildground Federation (in particular) close, while 53 other primary phase schools in New Forest West are able to continue to deliver education to their children, an act of "Structural Discrimination" has occurred. Our extremely high level of SEN and EHCP pupils, from a most deprived area of New Forest West, that are being treated differently to those in the rest of the New Forest District Ward, bring us within the definition of unintentional structural discrimination. To rectify this unintentional structural discrimination we have recommended 2 strong and viable alternative Polling Station venues.</p>	
-------------------------	--	--	--	--

Lymington

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Lymington		St Thomas Church Hall	This station is centrally placed, has plenty of space and is easily accessible	No
Residents of Lymington		St Thomas' Church	Very convenient for my address	Possibly the community centre.
Resident of Lymington	N/A	LD - Lymington Sea Scouts Hall	The hall is accessible for all voters, with ample parking and easy pedestrian access. Other location mentioned in case consultation results in Sea Scouts Hall being removed.	Lymington Town Sailing Club, Bath Road SO41 3SE;
Resident of Lymington		Scout hut, All Saints Road	Very convenient	No
Resident of New Forest	Cllr - NFDC - Buckland	Scout hut, All Saints Road	if the Sea Scout building is thought to be unsuitable, it may be worth trying the Town Sailing Club (subject to there being adequate disabled access) or indeed the pavilion at Woodside Gardens (subject to the Licensees agreement, and again disabled access).	Town Sailing Club / Woodside Pavillion

Marchwood and Eling

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Marchwood		Marchwood community centre	None	No
Resident of Totton		Lexby Road	This is a well run, accessible polling station with parking for disabled people	No

Milford and Hordle

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of New Milton	Cllr - NFDC - Hordle	Young Farmers Club	The only thing to be resolved in the Hordle ward Ward is the location of the polling place in Tiptoe; with the access and facilities available in the Young Farmers' Club being less than ideal. I would be happy if the working Mans' club was chosen as an alternative place.	Working Mans Club
Resident of New Milton	Cllr - NFDC - Hordle	Young Farmers Club	I'm happy with the young farmer's as it is more central to our bit of Tiptoe. The social club is in Bashley ward.	N/A
Resident of Hordle	Hordle Parish Council	Young Farmers Club	The Parish Council would support moving the polling station to the River of Life Church Hall at Wootton Road, Tiptoe, if the Young Farmers Club is deemed unsuitable. The church hall is centrally located and has car parking facilities.	River of Life Church Hall, Wootton Road, Tiptoe
Resident of Milford on Sea		All Saints Milford Church Hall	Most convenient	No

Pennington

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of New Forest	Cllr - NFDC - Buckland	Pennington	My suggestion of the Pennington pavilion is, I am afraid a non starter as apparently we have in place a licence agreement which would not permit it, so reluctantly we will have to stay with the Pennington Club.	
Resident of Lymington	Cllr - LPTC & NFDC - Lymington	Pennington	The proposed use of Pennington Social Club as a polling station. I have been contacted by several elderly residents in Pennington who are most concerned about going to vote at the proposed venue even though the polling booth will be separated from the bar. The age, gender and demographic of these residents come from the time when females did not enter public houses. It was frowned upon in Society.	I am proposing the Lymington & Pennington Scout Hut situated adjacent to the Sports Club, off Lodge Road which has all facilities including parking but minus a bar (as the previous polling station known as the WI Hall). I will make this declaration on a non pecuniary basis - I am the President of the Lymington & Pennington Scouts.

Ringwood North and Ellingham

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Blashford		Ibsley Village Hall	Easy to get to, plenty of parking, polling staff are great.	
Resident of Ringwood	N/A	Poulner Junior School	This is within walking distance	No

Ringwood South

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Address in Ringwood	Ringwood Town Council	Trinity Centre	It has been raised to me by a people living on the new Estate in Ringwood, Beaumont, that they need a Polling Station nearer to their homes. They state it is a long walk, particularly with their children in tow in the winter. I said I would pass this comment to NFDC.	N/A

Sway

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Sway	None	St Luke's Church	I strongly disagree with using a church for voting. It is inappropriate and there are plenty of alternatives.	Village Hall, Church Rooms, Youth Club, Jubilee Field Pavilion.
Resident of Sway		St Luke's Church	It is well situated within the ward, is accessible and parking is available.	Sway Village Hall or Jubilee Pavilion

Totton Central

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Totton		Salisbury road	Happy with the location	Totton College

Totton North

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Totton		Calmore Community Centre	Very convenient location, ideally located centrally to Calmore estate and with good parking facilities, if required.	No
Resident of Totton		West Totton Community Centre	Easy to get to, ideally situated	No

Totton South

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Totton		Hounslow Community Hall	Not only is it difficult to get to, i.e. by the time we walk to get a bus and then get off and walk, we may well have walked to the hall, going by car is not easy to get to and then double the amount of mileage to get back because of the dual carriage way. I have an older person to take with me so lots of walking is out of the question so that stops us using any public transport or walking, using the car is the only viable option.	Rushington Business park to cover parts of West Totton, Foxhills and Rushington?

Other

Residential Address	Organisation you are representing (if applicable)	Which polling station(s) does your comment relate to?	What is your comment?	Do you have a suggested alternative to the above polling station?
Resident of Ashurst		Colbury Hall	I am happy to use a postal vote (or in the future an online vote!) and do not go to the polling station to vote.	
Resident of Lymington		No idea map is totally illegible	If you want to get some sensible answers then you have to provide clear map information which you have not done so this makes this survey illegible.	Lymington Town Hall - always voted here and see no reason to change
Resident of Ringwood		25	Works well, usually no problems or queues	
Resident of Hythe	Personal	None	Postal vote for myself and disabled wife	No
Resident of New Milton		Don't know	I always use a Postal Vote.	Postal Vote
Resident of Ashley		next to bollard private school is not the closest to my home address	I would like my polling station to be changed to one that is closer to my address for me and my wife	Baptist Church on Ashley Common Road
Resident of Dibden Purlieu		Don't know	No	Church hall
Resident of Lymington		Town Hall	We have lived at no 12. for 53 years, and it has been Buckland all that time. The Toll house Pub, The Toll house was the road into Lymington. You had to pay a toll so this is Buckland and NOT Lymington. Western Road, Southern Rd, Middle Rd, Eastern Rd, Highfield Rd are all in Lymington NOT Pennington. The Toll house, Paddock Gdns, Hollywood La are all in Buckland. Thank you, yours faithfully [REDACTED] p.s. I have lived in Lym for the past 68 years.	Nun

Wards for which no representation was received

No representations were received from Ashurst, Bramshaw, Copythorne and Netley Marsh, Hardley, Holbury and North Blackfield, Lyndhurst and Minstead or Milton
