2816	New Forest (Rec & PA)	Environmental Incident	12/07/21 16:00	Dog off the lead getting too close and barking at horses on green - Shetland pony getting bothered by this and bucking near the dog - no owner in sight. The dog then stood in the middle of the carpark looking at a car driving off and acting distressed. Car the stopped when they saw me approach the dog, an owner came over asked me to grab the dog because he couldn't catch it and said that he was pretending to drive off so the dog would get worried and he was then able to catch him	2	Whitefield Moor	50.82274542	-1.611867844
1950	New Forest (Open Forest)	Near Miss	18/04/21 13:00	Couple feeding apple to a pony	1	Opposite Burbush car park	50.815297	-1.715788
1948	New Forest (Rec & PA)	Near Miss	17/04/21 17:00	Family (two adults, one small child) were being followed very closely by a grey mare, they were carrying a carrier bag and a loaf of bread, the woman threw a piece of bread towards the pony which ate it and then began getting even closer and harrassing them trying to get the food, I could see that the mare was getting very agitated and I asked the family to move away immediately, the mare turned her back end towards them as if to kick out and the family quickly moved. Also picked up an apple that had been left for donkeys and spoke to at least three other groups of people who were petting donkeys.	1	Bolton's bench	50.871475	-1.568915
1945	New Forest (Rec & PA)	Near Miss	25/04/21 09:30	pony petting	1	boltons bench	50.871475	-1.568915
1931	New Forest (Rec & PA)	Near Miss	24/04/21 12:34	pony petting and feeding, spoke to family all ok. white and chestnut pony a little antsy though, little unpredictable in behaviour.	1	hatchet pond	50.811246	-1.479462
1623	New Forest (Rec & PA)	Environmental Incident	05/04/21 12:45	I was driving into linford bottom car park looking around to see if there was anything to be aware of. Whilst driving along the track in I saw 3 small dogs come onto the grass outside little linford inclosure (from the road) and start barking at and getting close to a pony. The pony tried to move away from them and then kicked out a little. two ladies, assuming the owners, saw the kick and did nothing. Then the dogs did the same again and the pony kicked quite hard. One of the dogs looked to have been hit by the hoof. and the dogs all went back toward the road and owners followed (to the car I assume was theirs). Dogs and owners came back down towards the river with one now on a lead, one still running and one being carried. I tried to park to talk to the ladies but struggled to find a space, by the time I got a space they were quite far away and I couldn't catch up with them. I checked on the individual pony and the two other that had been close by, they all seemed ok.	2	between the river and little linford inclosure	50.86373653	-1.744821395

New Forest (Rec & 1607 PA)	Near Miss	05/04/21 12:10	Feeding apples to pony		Near entrance to cycle track at 1 post 217

New Forest (Open 5540 Forest)	Near Miss	27/05/22 14:00	Report of uncontrolled dog chasing mares & foals.		2		
			MOP spoke to a driver who was feeding approx. 20 ponies with apples, the driver became abusive and threatening to MOP. Allegedly the driver pushed the MOP as she tried to return to her car and slammed her car door shut not letting her open it. Eventually she managed to get in the car but the drivers dog jumped in her car and then got out. The MOP phoned the Police and then phoned VRO - someone the MOP was acquainted. From the phone call it was evident that the MOP was very frightened and crying, VRO asked if she was ok, told her to lock her vehicle, and then tried to calm her down. The MOP was able to give details of the vehicle. Whilst the driver was still outside of the car the VRO kept the MOP talking on the phone, until the driver returned to his car and drove off. The MOP had taken a picture of the car on her phone, and was going to contact the police and make a statement.		1		
New Forest (Rec & 3812 PA)	Environmental Incident	14/10/21 12:10	witnessed a dog out of control		1	50.707781	-2.128469
